

# Space Shuttle ORBITER

DISCOVERY

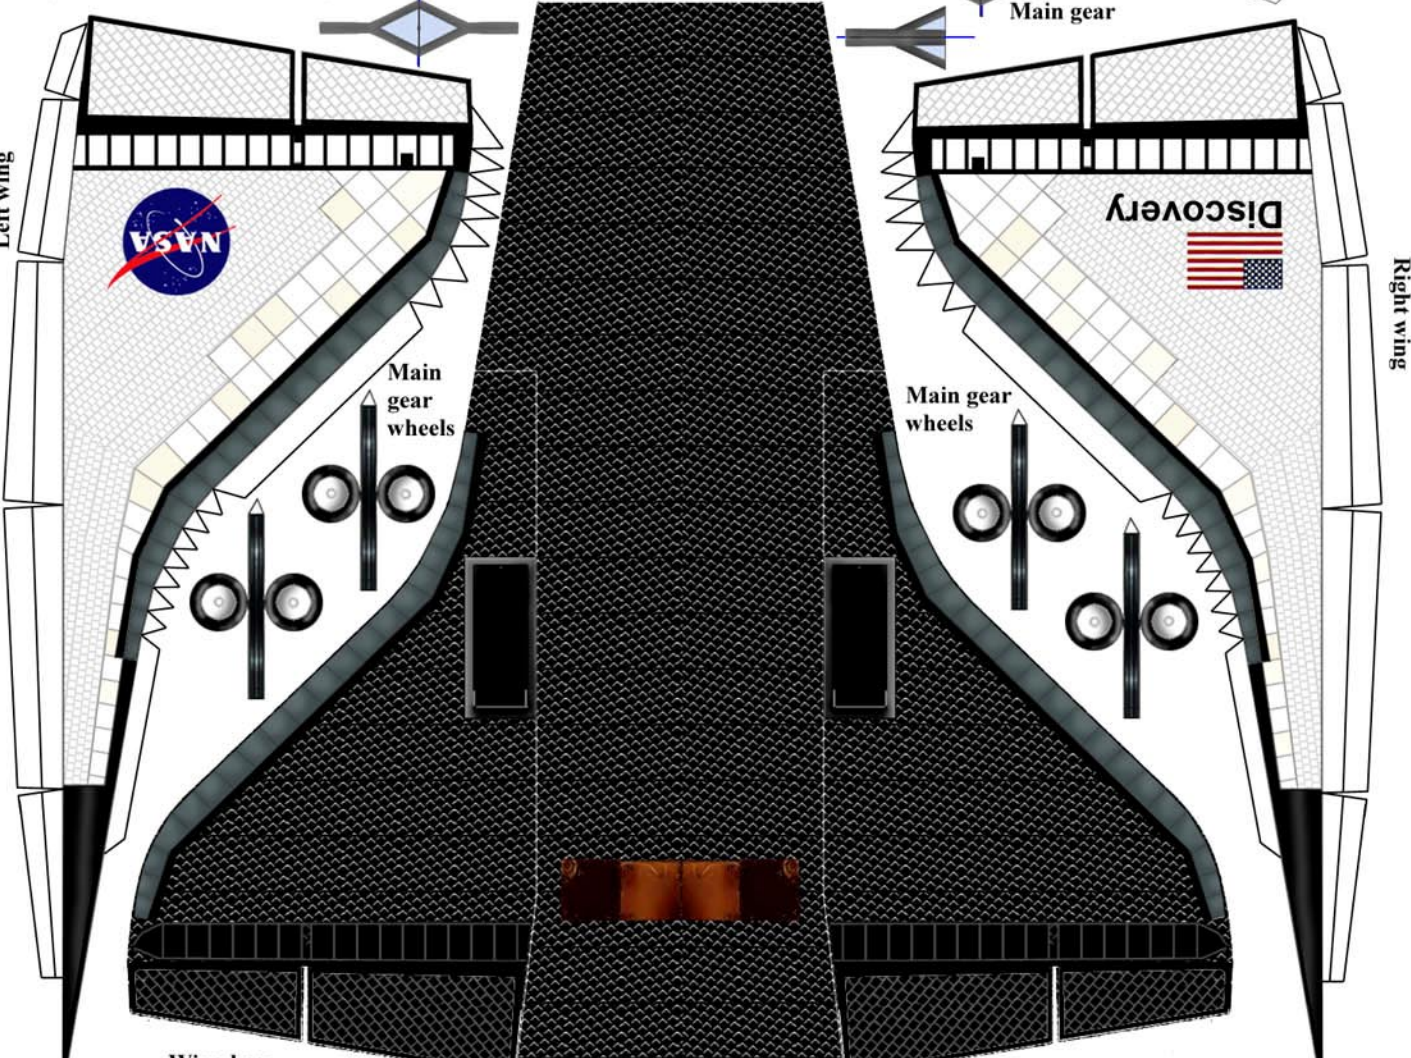

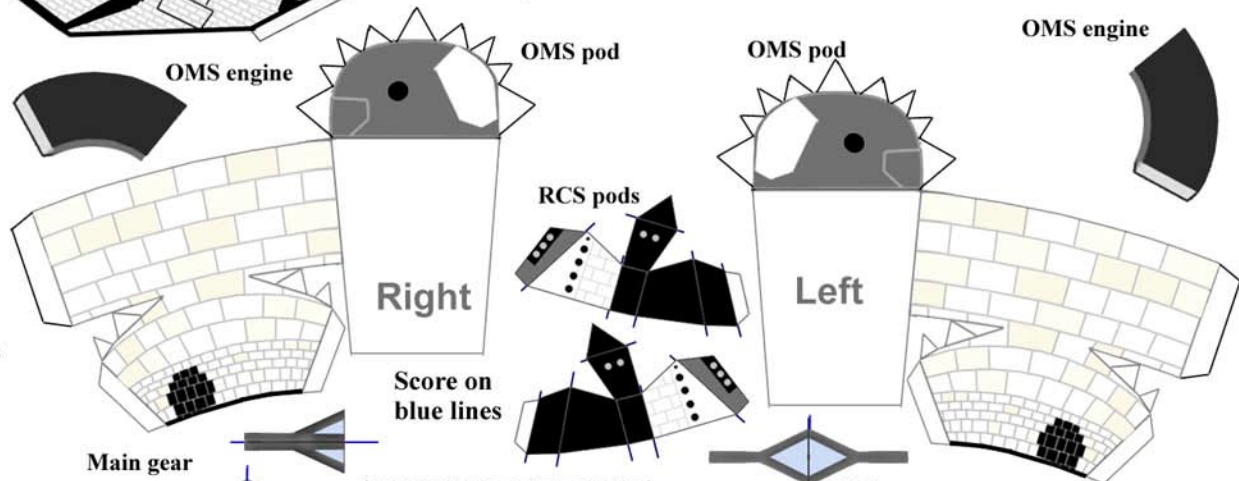

From **DELTA SEVEN STUDIOS** and **SMALLEST AIR MUSEUM**

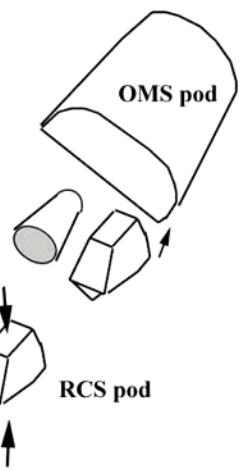

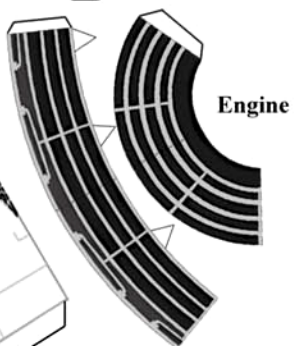

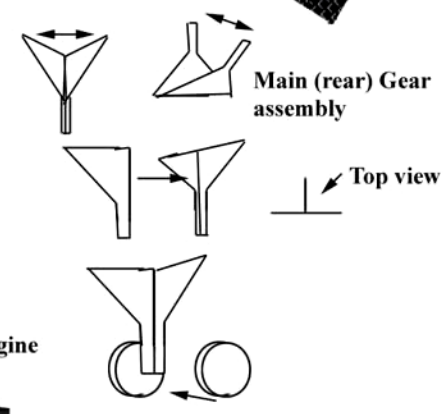

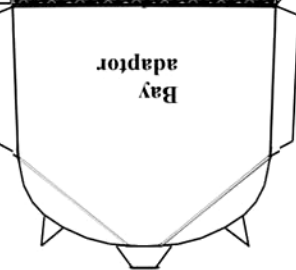

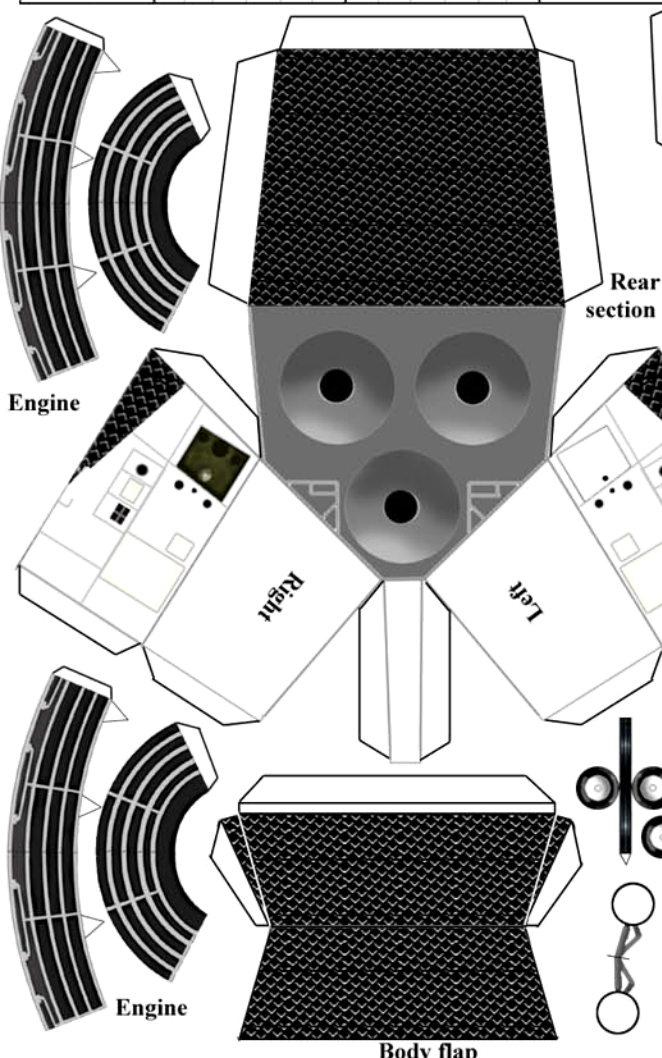

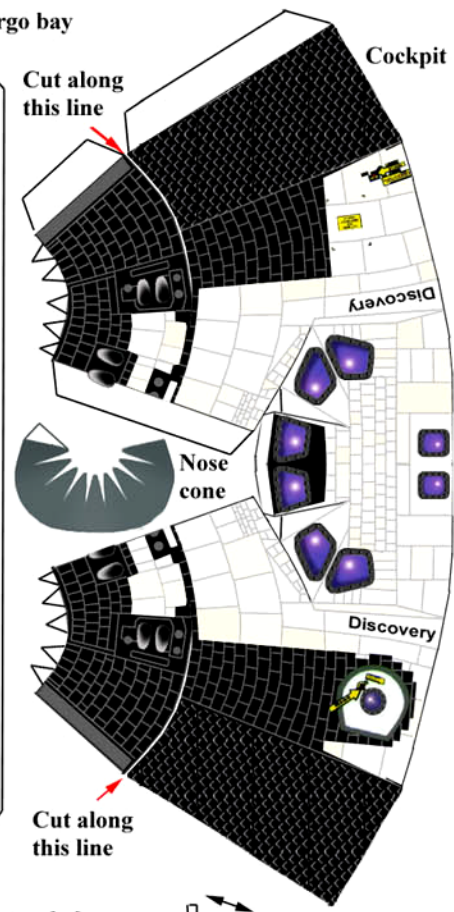

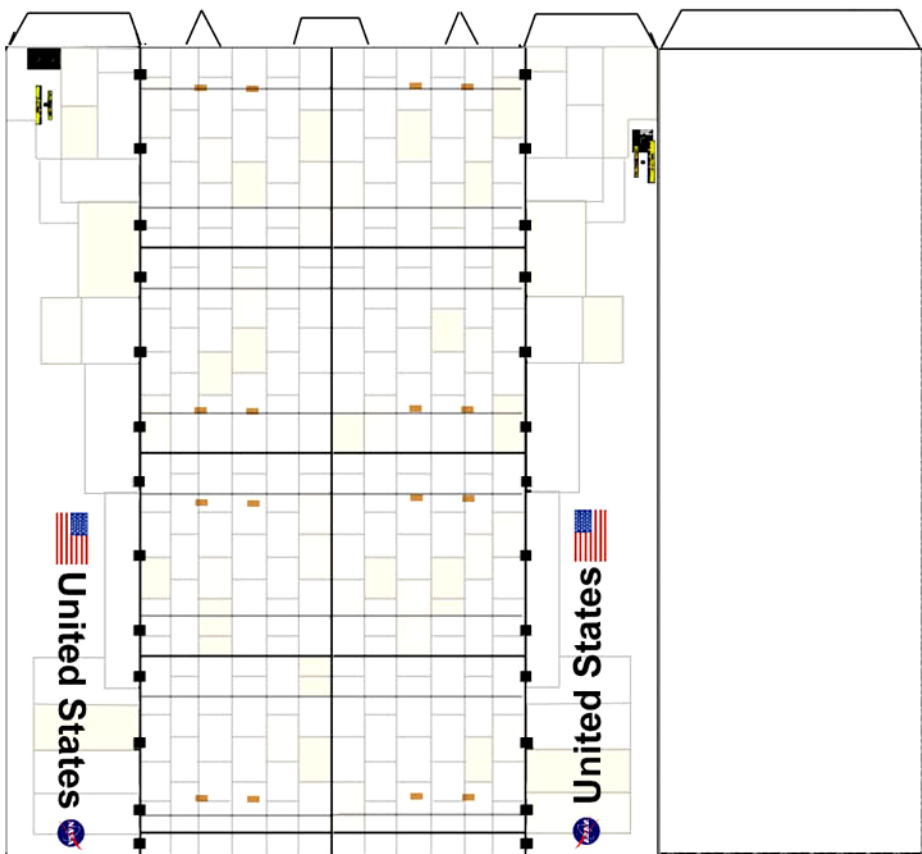

[www.fiddlersgreen.net](http://www.fiddlersgreen.net)  
[www.spacecraftmodels.com](http://www.spacecraftmodels.com)

Main gear doors fold and glue or for closed doors cut on blue line and glue shut

Wing base

**TIP:** When building the OMS pod, assemble the RCS pods and allow to dry. To create a perfect curve to match OMS pod apply slight pressure to the top and bottom of RCS and glue in place.

Fold on blue lines for open doors or for closed doors cut on blue lines and glue shut.
